## Your Annual Gift Leads the Way

Your community college is in the midst of tremendous growth. More and more students are turning to us to help them reach their next goals in life.

More than 25,000 students are currently enrolled in our nearly 100 degree and certificate options and more than 1,200 courses. And that's just the beginning.

Great things are happening at Mt. San Jacinto College. Higher education, degrees and training have never been more in demand. In recent years, we have celebrated our largest graduating classes in the history of the College.

We are the leading source of transfers to Cal State San Marcos and among the fastest growing community colleges in the state. Unlike many colleges, we are experiencing steady increases in enrollment and we expand dual enrollment to provide local high school students the opportunity to earn college credit while in high school. MSJC provides free tuition for first-time, full-time students. You can be proud that your community college is also expanding facilities to meet the needs of students today and tomorrow. Measure AA, the \$295 million bond measure passed in 2014 by voters, has already funded critical improvements to campus facilities and infrastructure, including the \$50 million Athletic and Kinesiology Stadium Complex at the Menifee Valley Campus that opened in September 2023. Two new STEM Centers will complete construction and open soon.

We are excited about the future and making a difference in the lives of our students, growing tomorrow's workforce, and building a stronger community.

The work spearheaded through the Foundation is critical to our continuing success.

Thanks to the generous support of individuals, families, alumni, grants, and businesses, the MSJC Foundation is able to provide much needed assistance in support of student scholarships, student services, program development and capital projects. It is your confidence and investment in your community college that provides us the opportunity to change so many lives.

We invite you to join us as a member of the MSJC Foundation President's Circle – **together we can transform lives.**
