Faculty/staff (aka human subjects) will be asked to provide information/data to be used in a research project. I (or a knowledgeable guest speaker) will review policies and procedures related to such research, specifically those which guide subjects' rights to confidentiality and disclosure. I will supervise all research in accordance with the policies established by the Mt. San Jacinto College Research Committee. I also agree to follow the ethical guidelines established by AIR, APA, and AERA, as well as all policies and regulations related to confidentiality of records and information.
