Repayment Terms

Federal Direct Subsidized Loan: Repayment of Direct Subsidized Loans begins six months after you graduate, leave school, or drop below half-time attendance. The federal government pays the interest subsidy on your behalf while you are in school at least half-time prior to entering repayment, and during periods of deferment of subsidized loans. The minimum monthly payment is \$50.

Federal Direct Unsubsidized Loan: Repayment of the interest on Direct Unsubsidized Loans begins immediately. You, as the borrower, are responsible for paying all the interest that accrues on your unsubsidized loans during the times you are enrolled in school, during your six-month grace period and during any period of deferment or repayment. You can choose to either pay the interest during those periods or defer the payment of the interest. If you choose to defer payment of the interest, the Department of Education will add any unpaid interest to your principal balance, a process called “capitalization”. When interest is capitalized, your principal balance will increase by the amount of any unpaid interest. Repayment of the principal and interest begins six months after you graduate, leave school, or drop below half-time attendance. The minimum monthly payment is \$50.

What are the interest rates on loans borrowed after 7-1-2024?

- Effective July 1, 2024 thru June 30, 2025, the interest rates are fixed at 6.30% for Federal Direct Subsidized and 6.30% for Federal Direct Unsubsidized Loans. The current interest rates/fees can also be found online at: <https://studentaid.gov/understand-aid/types/loans/interest-rates>.

What fees are included in Direct Loans?

- For loans disbursed on/after 10/1/2020 and before 10/1/2025, a 1.057% origination fee will be deducted from the gross amount of the loan **prior** to disbursement. This fee helps to reduce the cost of making these low-interest loans.

How much can I borrow this Academic Year?

Maximum **Federal Direct Subsidized Loan** amount students can borrow for the academic year:

Freshman: 1 st year (completed 0-29 units)	\$3,500.00
Sophomore: 2 nd year (completed 30 units or more)	\$4,500.00

Maximum additional **Federal Direct Unsubsidized Loan** amount (interest accrues while in school) students can borrow for the academic year:

Dependent student	\$2,000.00
Independent student	\$6,000.00

- **Please note, Mt. San Jacinto College does not recommend the Federal Direct Unsubsidized Loan to all students, unless they are in a high-cost program and have a need to pay additional educational expenses.**
- Your Federal Direct Loan will be originated for the amount you are eligible for at the time of processing. Mt. San Jacinto College has the right to deny a loan request. You will be notified via email to your MSJC student email account should your loan request be denied.
- Along with your annual loan limits listed above, Federal Direct Loans also have a lifetime or “aggregate” borrowing limit of **\$57,500** (no more than **\$23,000** of this amount may be in Direct Subsidized Loans) for undergraduate students. These amounts limit how much you can borrow while attending school at the undergraduate level.

What happens after I submit my Federal Direct Loan Request Form?

Once your loan request has been submitted on [StudentForms](#), it will be reviewed by the Loan Coordinator. Please allow 5-10 business days for the Loan Coordinator to review and award your account accordingly. During peak periods, processing times may take longer.
