Drone Applications in
GIS Certificate

Email to:
Dr. Roy Mason for more
information.
rmason@msjc.edu

Introduction to GIS is a required course for a Certificate and AS degree in GIS at Mt. San Jacinto College and an elective for AA degree in Geography for transfer to CSU/UC - some institutions require Introduction to GIS completion prior to transfer.

Each student will receive a one-year student version of Esri's ArcGIS software with extensions and free virtual campus courses
