

Hospital Confinement Indemnity Insurance

How will you pay for what your health insurance won't cover?

No matter how well you plan, you can't predict when sudden medical expenses could impact your way of life. Health insurance helps, but it doesn't cover everything. For instance, the average family* has more than \$4,000 in out-of-pocket medical costs each year.¹

If you're admitted to the hospital for a covered accident or covered sickness, Medical Bridge,SM Colonial Life & Accident Insurance Company's hospital confinement indemnity insurance, could help pay for out-of-pocket expenses, such as deductibles, co-payments and other expenses. It's coverage that can help protect what you've worked so hard to build.

1 in 3 Americans have trouble paying their medical bills.²
