

# Mt. San Jacinto College SCHEDULE OF CLASSES

Transforming Learners. Transforming Communities. Transforming Lives.

## Summer 2024

**Biology** students study how humans, animals and other organisms function and interact. Students apply biology concepts in the laboratory to develop an understanding of the methods of scientific inquiry, experimental design, and analysis of results.

8-week Classes Start June 3

6-week Classes Start June 17

Find convenient 6- and 8-week classes at [msjc.edu/schedule](https://msjc.edu/schedule)

**San Jacinto – Meniffee – Temecula**

Beaumont Middle College High School at the San Gorgonio Pass Campus
